

CN Tower Celebrates Crime Stoppers Month With Light Show

On Thursday, January 6, 2022, after sunset, the CN Tower will be illuminated with red and white lights to recognize January as Crime Stoppers Month.

It is the second time since Toronto Crime Stoppers was formed in 1984 that the community safety and crime solving program has been honored with a light display of the CN Tower - one of the Wonders of the Modern World.

“Toronto Crime Stoppers is committed to the community we serve and work tirelessly towards empowering a movement of a crime free Toronto” said Sean Sportun, Chair of Toronto Crime Stoppers. “Our program is honoured to have the CN Tower, a legendary Toronto landmark, light up the city’s skyline in support of Crime Stoppers”

In 2021, operating under the new rebrand strategy of not paying individual rewards – rather redirecting their efforts back into the community through the Community Rewards Program the Toronto program had a record setting year!

The light show will be visible by webcam on the CN Tower website: <https://www.cntower.ca/en-ca/home.html#earthcams>

“See It, Say It, Stop It. Doing What’s Right Is Its Own Reward”

For further information, please contact Crime Stoppers Coordinator Marc Madramootoo, at 416-808-7260, or Chair Sean Sportun, at 416-904-3805.
